Detailed Itinerary

Itinerary:

Day 1

Land in Ivalo airport, where you will be met and taken directly to your accommodation for the duration of your Christmas holiday. Drive through the ethereal pine forest, and arrive at your very own cabin, nestled within the still, white forest.

Take some time to settle in, unpack or explore, then you can enjoy a delicious dinner in the restaurant.

You will be staying in a beautiful glass roofed aurora cabin, which provides panoramic surroundings of this Christmas winter wonderland and the pitch black polar night sky. With any luck, you'll be able to witness the spectacle of the Northern Lights on your very first night in Lapland.

Day 2: Reindeer Farm Visit & Meet Santa

On this visit you will be transferred by car to a local reindeer farm, where you will meet the reindeer herders and learn about the importance of reindeer in Lapland. You will learn how to lasso a reindeer and experience a ride in a sleigh from one of these gentle animals, and hiss through the silent trees and the pure, cold air.

For the kids, they'll be able to experience some real Lapland magic, as they meet the 'real' Santa in his home! A snowmobile sleighride will take you through the forest on a quest to discover Santa's hidden cabin. If you're able to locate the cabin, you'll be warmly welcomed by Santa himself, who will invite your family for an intimate conversation and present a symbolic gift for the children.

Satisfyingly wearied and chilled from a day in the open, you'll head for another warming, hearty dinner, warm your bones by an open fire, and spend the evening at your leisure, waiting for the spectacular Borealis to burn across the clear night sky.

Day 3: Husky Safari

After a hearty breakfast, set out on a husky safari, swishing through the silent, snow-covered forest on your own private sleigh.

Meet these beautiful, energetic dogs that will take you exploring through the glistening wilderness, on a safari you are sure never to forget. The dog sled is shared by two people who can take turns driving the sled whilst the other sits back and enjoys the ride and the scenery. Jump on a sled and enjoy the thrill of the snow and speed! Transfers to farm are included.

The Husky experience will take approximately 3hrs (1 hour driving time) which will give you the afternoon at your leisure. Why not rent Snowshoes or Cross Country Ski's to explore the trails and paths that snake through this untouched, pristine part of the world and discover dramatic fells, hidden clearings and frozen lakes.

Activity timings may differ slightly, your confirmed schedule will be given to you upon check in.
